Subject: Re: questions from an investments firm about water quality testing in Susquehana Co. (Dimock)

Sean - Could you give me additional information. Why is an investment firm interested in what we are doing? We have not done any testing at this point. I think you just provide them with our statement.

If they are interested in what PADEP had done previously, I think PADEP is the best person for them to contact.

Nancy, Bob & Betsaida - Any thoughts?

Thank you - Shawn

Subject: questions from an investments firm about water quality testing in Susquehana Co. (Dimock)

Mr. Garvin,
We received a call in HQ about water quality testing in Susquehana Co. (Dimock). The gentleman had seen articles about EPA doing some testing on top of what PA DEP had done previously. Can someone please call him back to discuss?

His name is Michael Chambon. The name of the firm is Magnetar Capital. Mr. Chambon's number is 847-905-4488.

Please let me know if you have any questions. Thanks.
